On 29th October, 2012 Mr. Shigenobu Kobayashi, Deputy Head of Mission, Embassy of Japan in Malawi handed over rehabilitated Mkoma Health Centre facilities to Mzimba District Hospital. On 24th February, 2012 the Government of Japan extended a grant amounting to \$29, 935 for the rehabilitation of 4 staff houses and main facility including expansion of a maternity wing, and constructing a placenta pit under the Grant Assistance for Grassroots Human Security Projects.

It is expected that more delivery cases and better quality health services will be provided for approximately 14, 000 people in the target area.
